## Hermantown City Council Meeting - August 17, 2020

Because attendance at the regular meeting location is not entirely feasible due to the health pandemic, Hermantown's August 17, 2020 City Council Meeting, as well as Pre-Agenda Meeting, will be conducted remotely with limited access to Council Chambers. People can attend in person, but will be expected to follow social distancing guidelines and are required to wear a mask.

Both meetings will utilize the platform "Zoom" - which allows the public to view and/or hear the meeting from their phone or computer. Attendance is allowed at City Hall, with social distancing guidelines to be followed and masks required.

The 6:30 p.m. City Council Meeting will be available at:
https://us02web.zoom.us/j/81343295913?pwd=TjZkczIOMUJidkRyQnJMUm80YON1QT09
and/or by calling the number (312) 626-6799 and utilizing the meeting ID number of 813-4329-5913 and the password 029953.

Public comment may be possible, but difficult, during the meeting, but any public comments, questions, or concerns can be e-mailed to Community Engagement Manager, Joe Wicklund, at jwicklund@hermantownmn.com up to 3:30 p.m. the day of the meeting with the e-mail title "August 17, 2020 Meeting." It is important to note that all comments regarding the August 17, 2020 meeting are public data.

A few important tips regarding the Zoom platform:

- If your computer does not support audio, you can still watch the meeting on your computer and call in on your phone to hear the meeting
- It is a challenging situation for all of us, so grace and understanding are appreciated

The 4:30 p.m. Pre-Agenda Meeting will be available at:

Pre-agenda: The Pre-agenda meeting is a work session between the City Council and City staff to review the upcoming City Council meeting and future meetings. ## 2021 Preliminary Budget Message <br> August 17, 2020

Preliminary Budget: Attached is a preliminary City of Hermantown General Fund Budget for 2021. The budget is submitted at this time because of state imposed deadlines for Truth in Taxation purposes. The Council will be asked to set the preliminary levy and a public hearing date of December 7, 2020 at the City Council meeting on September 21, 2020. The preliminary levy and the budget hearing date must be approved by the City Council and submitted to St. Louis County by September 30. This budget represents the maximum proposed levy. The City Council may lower the proposed tax levy between now and the final approval which is scheduled for December 7, 2020.

Budget Discussion: In January 2019 the City Council approved a multi-year Financial Management Plan that addresses many long-term needs such as roads, capital items, staffing, and more. This plan has many benefits, including providing a roadmap of how to improve the long-term financial health of the organization while meeting Council and citizen priorities. As we entered 2020, we were on track with our Financial Management Plan. However, early in the year we along with everyone else encountered the COVID-19 pandemic. This has caused us to pivot, making financial decisions and revising those decisions several times during the year as the economy continues to change. Because of the uncertain future with the current pandemic and recession, we made a conscious decision to change our budget based on our Financial Management Plan for 2021 and materially reduce our proposed levy. This will cause a ripple effect on our Financial Management Plan in future years. However, we feel it is the right decision for our community dealing with the negative impact of the pandemic. We plan to pivot often, if needed, in our changing world, while continuing to have a long-term focus on serving and building our community with the limited resources we have.

Expenditures: At this time, expenditures in the 2021 General Fund Budget are increasing 2.53\% or $\$ 155,081$. As a general rule in $2021 \$ 62,000$ in expenditures is the approximate equivalent of $1 \%$ of the tax levy. This increase is due in part to the following factors:
-Normal personnel expenditures increases (cost of living, step increases, health insurance) -Travelers Insurance rate increase
-Additional police investigator (originally budgeted to start mid-year 2020)
-Several anticipated retirements
Revenues: The General Fund budget relies almost solely on local property tax to fund its expenditures. Local property taxes make up approximately $90 \%$ of our total general fund revenue. As a comparison, Duluth's local property taxes have made up approximately $20 \%$ of their general fund revenue. There were some budgeted reductions in non property tax revenue due to the pandemic.

Taxes: The general levy under this preliminary general fund budget is projected to increase $5.37 \%$. The total levy increase is $4.56 \%$. Very preliminary estimates show the Net Tax Capacity grew by about $3 \%$. With expenditures growing by more than this, it causes an increase in the tax rate, so that an individual homeowner will pay more for the same value of home. The rate increases from .4289 to .4374. This is an actual $1.96 \%$ increase as opposed to the $8.64 \%$ increase proposed by the Financial Management Plan in 2021 (see graph on next page). The impact of this proposed budget is shown on Table 1.

Table 2 above shows the changes in the various types of revenue in the general budget.
Taxes: The amount of taxes shown here is the anticipated tax revenue for the General Fund. As in other years, the City has budgeted receiving less than the proposed property tax levy. The full amount levied is higher than listed here because it will include other levies outside of the general fund. Figure 1 is the form that is sent to the County to certify the proposed levy.

Licenses \& Permits: Building permit fees are expected to be virtually the same as last year's budget. We are aware of several projects and there are other ones potentially on the horizon, but are not sure if/when those will become reality.

Intergovernmental: Local Government Aid (LGA) for 2021 continues to be zero as in the last several years.

## EXPENDITURES

Expenditures: The current requested expenditures in the general fund are $\$ 155,081$ more than the amount approved in the 2020 budget. This is a $2.53 \%$ increase in expenditures. For comparison, last year we had an $8.66 \%$ increase in expenditures. Table 4 shows the comparison by Department along with the percentage of the total budget.

## By Department:

Elections: 2021 is not an election year. This is the reason for the decrease.
Police: The Police Department budget is increased primarily due to increased personnel costs which includes an additional investigator originally budgeted to start in 2020. Two new vehicles are included in this budget as in prior years.

Fire: $\quad$ The City's contribution to the Fire Department is a $1 \%$ increase.
Community Development: The budget is reduced as our plans for the former GIS position are changing to implementing a new position in mid 2021.

Transfers Out: This amount was decreased from our adopted Financial Management Plan due to the ongoing pandemic. These transfers out are transfers for capital equipment and transfers for long term maintenance to City Hall.

Personnel Services: There is an additional police investigator in the 2021 personnel budget. The rest of the increase in personnel services represents negotiated wage increases, severance payouts, and an estimated increase in health insurance.

Services: This category includes items like postage, travel, training, legal notices, recording fees, utilities, liability insurance and other items.

Maintenance: Maintenance includes the costs of maintaining the City's assets such as buildings, equipment (including computers) and other infrastructure.

Capital Outlay: Capital outlay items are shown on the following pages and include all projects by funding source.

Other Finance Uses: This category includes transfers to other funds for needed capital items and for long term maintenance of City Hall.

David,
I am submitting both Change Order 3 and the Final Pay Application for this project for your review and seeking approval by City Council at its August 17, 2020 meeting.

Change Order 3 to the Contract is for $\$ 5,000.00$ in Contractor expenses related to work repairing unknown water service lines discovered during connection to the system's forcemain. The related costs are shown in the breakdown provided by Bougalis which is attached to this cover letter. The Final Pay Application is also attached along with IC 134s from Bougalis. I recommend that the City approve payment to George Bougalis and Sons Co. in the amount of $\$ 18,238.45$ as shown in the Final Pay Application to close out this project.

## Instructions

## A. GENERAL INFORMATION

This document was developed to provide a uniform format for handling contract changes that affect Contract Price or Contract Times. Changes that have been initiated by a Work Change Directive must be incorporated into a subsequent Change Order if they affect Price or Times.

Changes that affect Contract Price or Contract Times should be promptly covered by a Change Order. The practice of accumulating Change Orders to reduce the administrative burden may lead to unnecessary disputes.

If Milestones have been listed in the Agreement, any effect of a Change Order thereon should be addressed.
For supplemental instructions and minor changes not involving a change in the Contract Price or Contract Times, a Field Order should be used.

## B. COMPLETING THE CHANGE ORDER FORM

Engineer normally initiates the form, including a description of the changes involved and attachments based upon documents and proposals submitted by Contractor, or requests from Owner, or both.

Once Engineer has completed and signed the form, all copies should be sent to Owner or Contractor for approval, depending on whether the Change Order is a true order to the Contractor or the formalization of a negotiated agreement for a previously performed change. After approval by one contracting party, all copies should be sent to the other party for approval. Engineer should make distribution of executed copies after approval by both parties.

If a change only applies to price or to times, cross out the part of the tabulation that does not apply.
