## **INDEPENDENT AUDITORS' REPORT**

Honorable City Council City of Hermantown Hermantown, Minnesota

### **Report on the Financial Statements**

We have audited the accompanying financial statements of the governmental activities, the businesstype activities, each major fund, and the aggregate remaining fund information of the City of Hermantown, Minnesota (the City) as of and for the year ended December 31, 2020, which collectively comprise the City's basic financial statements as listed in the table of contents.

## Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

## Auditors' Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

### Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Hermantown, as of December 31, 2020, and the respective changes in financial position and, where applicable, cash flows thereof, and the respective budgetary comparison for the General Fund and City Sales Tax Fund for the year then ended, in accordance with accounting principles generally accepted in the United States.

## Other Matters

### Required Supplementary Information

Accounting principles generally accepted in the United States require that the management's discussion and analysis on pages 5 through 10, information about the City's other postemployment benefits plan, pages 54 through 55, and information about the City's net pension liability, pages 44 through 53, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information or provide any assurance.

### Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City's financial statements as a whole. The combining nonmajor governmental fund financial statements, pages 67 through 74, and combining nonmajor enterprise fund financial statements, pages 75 through 78, are presented for purposes of additional analysis and are not a required part of the financial statements. The combining nonmajor governmental fund financial statements and combining nonmajor enterprise fund financial statements and combining nonmajor enterprise fund financial statements and were derived from and relate directly to the underlying accounting and other records used to prepare the financial statements. Such information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

### Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated May 11, 2021 on our consideration of the City's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the City's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City's internal control over financial reporting and compliance.

Clifton Larson Allen LLP

CliftonLarsonAllen LLP

Minneapolis, Minnesota May 11, 2021 **REQUIRED SUPPLEMENTARY INFORMATION** 

Our discussion and analysis of the City of Hermantown's (the City) financial performance provides an overview of the City's financial activities for the fiscal year ended December 31, 2020. Please read it in conjunction with the City's financial statements, which begin on page 11.

### FINANCIAL HIGHLIGHTS

- The City's net position increased \$13,961,485 or 20.88% as a result of this year's operations. The net position of the governmental activities increased \$9,184,600, or 41.16%. The net position of the business-type activities increased \$4,776,885, or 10.73%.
- The General Fund unassigned fund balance was \$4,018,261 or 70.09% of the total General Fund expenditures for 2020.

## **OVERVIEW OF THE FINANCIAL STATEMENTS**

This discussion and analysis serves as an introduction to the City of Hermantown's basic financial statements, which consists of three components: 1) government-wide financial statements, 2) fund financial statements, 3) notes to the financial statements. The report also contains other supplementary information in addition to the basic financial statements.

- The first two statements are government-wide financial statements that provide information about the City's overall financial status.
- The remaining statements are fund financial statements that focus on individual parts of the City, reporting the City's operations in more detail than the government-wide statements. The governmental funds statements explain how general government services were financed, as well as, how grant proceeds were utilized for the short-term and what remains for future spending.
- The financial statements also include notes that explain some of the information in the financial statements and provide more detailed data. The statements are followed by a section of required and other supplementary information that further explains and supports the information in the financial statements.

### **GOVERNMENT-WIDE FINANCIAL STATEMENTS**

The government-wide financial statements are designed to give users a broad overview of the City's finances, in a manner similar to that of a private-sector business. The statement of position presents information on all of the City's assets and deferred outflows of resources, and liabilities and deferred inflows of resources, with the difference between the two reported as net position. Increases and decreases in net position over time may serve as a useful indicator of whether the City's financial position is improving or deteriorating. The statement of activities shows how the City's net position changed during the fiscal year. All changes in net position are reported as soon as the underlying event that caused the change occurs, regardless of the timing of the related cash flows. There are revenues and expenses reported in this statement for some items that will only result in cash flows in future fiscal years; examples include uncollected grants and vacation days that are earned, but not used.

Both government-wide financial statements distinguish between functions that are governmental and business-type activities. The City's governmental activities include public safety, streets and highways, community and economic development, culture and recreation, and general administration. Property taxes and state grants and aids finance most of these activities.

The City charges fees to customers to help cover all or most of the cost of certain services it provides. The City's business-type activities include the Water Utility, Sewage Disposal, Storm Water Utility and Street Lighting funds.

The two government-wide financial statements are presented immediately after this discussion and analysis.

## FUND FINANCIAL STATEMENTS

A fund is a set of related accounts that is used to control resources that have been segregated to carry on specific activities or to attain certain objectives in accordance with special regulations, restrictions, or limitations. The City of Hermantown, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All City funds are either governmental funds or proprietary funds.

 Governmental funds – Because the focus of governmental fund financial statements is narrower than government-wide financial statements, it is useful to compare information presented for governmental funds with similar information presented for governmental activities in order to gain a better understanding of the long-term impact of the City's near-term financing decisions. The Governmental Fund Balance Sheet and the Governmental Fund Statement of Revenues, Expenditures and Changes in Fund Balances (Deficits) provide a reconciliation to aid in the comparison of governmental funds with governmental activities.

The City maintains a number of individual governmental funds. Information is presented separately in the governmental fund financial statements for the General, City Sales Tax, G.O. Improvement Bonds Series 2012B Fund, G.O. Improvement Bonds Series 2014A Fund, G.O. Improvement Series 2020A Fund, Essentia Wellness Capital Projects, Special Assessment/Road Improvement Fund and Essentia Wellness Special Revenue funds, which are considered to be major funds. Data from the remaining governmental funds is combined into a single, aggregated presentation. Individual fund data for each of these nonmajor governmental funds is included in the combining fund statements in the supplementary information section of this report.

• Proprietary funds – The City maintains four enterprise funds which are included in these financial statements. Enterprise funds are used to report the same functions presented as business-type activities in the government-wide financial statements. The City uses enterprise funds to account for operation of the Water Utility and Sewage Disposal funds, which are considered to be major funds. Data from the remaining enterprise funds is combined into a single, aggregated presentation.

Proprietary funds provide the same type of information as the government-wide financial statements, only in more detail.

#### **Notes to Financial Statements**

The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

### **OTHER INFORMATION**

In addition to the basic financial statements and accompanying notes, this report also contains required supplementary information and the combining statements referred to earlier in connection with nonmajor governmental funds. The required supplementary information and combining statements follow the notes to the financial statements.

#### **Government-Wide Financial Analysis**

As noted earlier, over time net position may serve as a useful indicator of the City's financial position. A portion of the City's net position is invested in capital assets. The City uses these assets to provide services to its constituents; therefore, these assets are not available for future spending. The following table presents a summary of the City's net position at December 31:

|                                  |               | 2020          |               | 2019          |               |               |  |  |  |  |

### **Governmental Funds**

The focus of the City's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. This information is helpful in assessing the City's financing requirements; unassigned fund balance may be an especially useful measure of the net resources available for spending at the end of the fiscal year. As of December 31, 2020, the City's governmental funds reported a combined fund balance of \$18,365,290, an increase of \$11,400,034 from the 2019 balance of \$6,965,256.

The General Fund is the main operating fund of the City of Hermantown. At December 31, 2020, fund balance of the General Fund was \$4,018,261 with 98.11% reported as unassigned. As a measure of the General Fund's liquidity, it may be useful to compare total fund balance to total fund expenditures. Unassigned fund balance represents 70.09% of total General Fund expenditures. During 2020, the fund balance of the General Fund increased by \$570,006.

### **Proprietary Funds**

The City's proprietary fund financial statements provide the same type of information found in the government-wide financial statements, only in more detail. The proprietary funds net position increased \$4,776,885 in 2020. Net operating income for 2020 was \$706,986.

### **General Fund Budgetary Highlights**

The City adopted an original General Fund revenue and other financing sources budget of \$6,133,120 which was not revised during the year. The City adopted an original General Fund expenditure and other financing uses budget of \$6,133,120 which was revised to \$6,515,746.

The City's final budget for the General Fund anticipated that expenditures and other financing uses would exceed revenues and other financing sources by \$382,626. The actual results for the year showed revenues and other financing sources exceeding expenditures and other financing uses by \$570,006. Actual revenues and other financing sources were \$798,659 more than anticipated.

Actual expenditures were \$153,973 less than anticipated.

#### **Capital Assets**

The City of Hermantown's investment in capital assets as of December 31, 2020 was \$88,137,067, net of accumulated depreciation. This investment includes land, permanent easements, buildings, infrastructure, equipment, and construction in progress. Additional information related to the City's capital assets can be found in Note 4 of the notes to the financial statements.

## Debt

The City had \$36,010,000 in general obligation bonds outstanding at the end of 2020.

The City continues to stay below the debt limits established by the State.

Other liabilities for obligations such as vacation, sick leave, net pension liability, and severance are discussed further in the Note 5 to the financial statements.

## ECONOMIC FACTORS AND NEXT YEAR'S BUDGET

The following key indicators provide highlights on the City's economic outlook and future budget impact:

- A comprehensive Finance Management Plan study was conducted by Ehlers Inc. and the City. Based on that study, that plan was implemented in 2019 and is continuing in 2021 and addresses future staffing increases, additional funding for parks, additional funding for municipal buildings, additional funding for HEDA, additional funding for capital improvements, and a longterm Road Improvement Plan.
- The City continues to monitor the financial and other issues surrounding the COVID-19 Pandemic and has and will continue to pivot depending on economic changes.
- 2021 General Fund budgeted expenditures increased 2.53% or \$155.081. Some of the increase was due to normal personnel increases, a workman's comp rate increase, an additional police officer, and capital funding needs.
- The City increased the total tax levy by 4.56% while net tax capacity increased 2.4%. At the December 2020 Truth and Taxation meeting, the City Council approved a local tax rate increase from 42.89% in 2020 to 43.54% in 2021.

## **REQUESTS FOR INFORMATION**

This financial report is meant to provide a general overview of the City of Hermantown's finances for all those with an interest in the City's finances. Questions concerning information provided in the report, or requests for additional financial information, should be addressed to the City of Hermantown, 5105 Maple Grove Road, Hermantown, Minnesota 55811, or visit the City's website at www.hermantownmn.com.

### CITY OF HERMANTOWN RECONCILIATION OF THE BALANCE SHEET TO THE STATEMENT OF NET POSITION GOVERNMENTAL FUNDS DECEMBER 31, 2020

| Total Fund Balances - Governmental Funds   | \$<br>18,365,290 |
|--|------------------|
| Amounts Reported for Governmental Activities in the Statement of Activities are Different Because:   |                  |
| Capital assets used in governmental activities are not financial resources and, therefore, are not reported as assets in governmental funds.                               |                  |
| Cost of Capital Assets   | 83,592,924       |
| Less Accumulated Depreciation  | (33,556,391)     |
| Long-term liabilities are not due and payable in the current period and,   |                  |
| therefore, are not reported as liabilities in the funds.   | (37,606,845)     |
| The net pension liability and total OPEB liability and the related deferred outflows and deferred inflows of resources are only reported in the statement of net position. |                  |
| Net Pension Liability  | (2,616,131)      |
| Total OPEB Liability   | (1,329,275)      |
| Deferred Outflows of Resources - Pension Related   | 953,590          |
| Deferred Outflows of Resources - OPEB  | 37,618           |

#### CITY OF HERMANTOWN RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES, AND CHANGES IN FUND BALANCES (DEFICITS) TO THE STATEMENT OF ACTIVITIES GOVERNMENTAL FUNDS YEAR ENDED DECEMBER 31, 2020

| Total Net Changes in Fund Balances - Governmental Funds  | \$<br>11,400,034                    |
|--|-------------------------------------|
| Amounts reported for governmental activities in the statement of activities are different because:   |                                     |
| Capital outlays are reported in governmental funds as expenditures. However in the statement of activities, the costs of those assets is allocated over the estimated useful lives as depreciated expense.   |                                     |
| Capital Outlays<br>Loss on Disposal of Capital Assets<br>Depreciation Expense  | 3,469,102<br>(1,341)<br>(1,517,796) |
| Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the funds.   | 337,752                             |
| The issuance of long-term debt provides current financial resources to governmental funds, but increases long-term liabilities in the statement of net position. Also, governmental funds report the effect of premiums, discounts, and similar items  |                                     |
| when debt is first issued, whereas these amounts are deferred and amortized in the statement of activities. This amount is the net effect of these differences.  | (7,759,867)                         |
| Repayment of bond principal is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the statement of net position.   | 3,700,000                           |
| Interest on long-term debt in the statement of activities differs from the amount reported<br>in the governmental funds because interest is recognized as an expenditure in the funds<br>when it is due. However, in the statement of activities, interest expense is<br>recognized as it accrues, regardless of when due. | (57,683)                            |
| Pension expenditures in the governmental funds are measured by current year employer contributions. Pension expenses on the statement of activities are measured by the change in the net pension liability and the related deferred inflows and outflows of resources.  | (89,892)                            |
| Other postemployment benefit (OPEB) expenditures in the governmental funds are<br>measured by current year employer contributions. OPEB expenses on the statement of<br>activities are measured by the change in the total OPEB liability and the related deferred<br>inflows and outflows of resources.                   | (195,923)                           |
| Compensated absences are an expense in the governmental funds, but increase long-term liabilities in the statement of net position.  | <br>(99,786)                        |
| Change in Net Position - Governmental Activities   | \$<br>9,184,600                     |

### NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The City of Hermantown (the City) complies with accounting principles generally accepted in the United States of America (GAAP). GAAP includes all relevant Governmental Accounting Standards Board (GASB) pronouncements. The accounting and reporting framework and the more significant accounting policies are discussed in subsequent subsections of this Note.

### A. Financial Reporting Entity

The City of Hermantown, Minnesota, was incorporated under the laws of the state of Minnesota and operates under an elected Mayor-Council form of government. In determining the financial reporting entity, the City complies with GAAP and includes all component units of which the City appointed a voting majority of the units' board, the City is able to impose its will on the unit, or a financial benefit or burden relationship exists. As a result of applying these component unit criteria, the Hermantown Economic Development Authority is considered a component unit and is presented in the City's financial statements as a blended component unit, meaning it is reported as if it were a part of the City. The Hermantown Economic Development Authority does not issue separate financial statements.

### Blended Component Unit

The Hermantown Economic Development Authority (HEDA) provides services almost entirely to the City and is governed by a board of seven commissioners, which is substantially the same as the City Council. In 1998, HEDA passed a resolution for the issuance and sale of sales tax revenue bonds to build a new public safety facility. The City was given authority to impose a local sales tax in 1996 that allowed the City to utilize the proceeds to meet the principal and interest payments of the bond. In 2006, this bond was refunded with a new bond that included the construction of the new city hall. The City is financially accountable for HEDA. The City approves the budget, levies taxes (if necessary), and must approve debt issuances. HEDA has had limited activity and has monthly meetings. For these reasons, HEDA is recognized as a blended component unit of the City.

### **Related Organization**

The Hermantown Volunteer Fire Department is a legally separate organization from the City. Related party transactions are limited to payments by the City on a contract for service entered into with the Hermantown Volunteer Fire Department. The City made payments totaling \$516,000 during 2020.

### NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### **B.** Government-Wide Financial Statements

The government-wide financial statements (statement of net position and statement of activities) report information on all activities of the primary government. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support.

The statement of activities demonstrates the degree to which the direct expenses of a given function or business-type activity is offset by program revenues. Direct expenses are those which are clearly identifiable with a specific function or business-type activity. Program revenues include: 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or business-type activity, 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or business-type activity. Taxes and other items not properly included among program revenues are reported instead as general revenues.

#### C. Fund Financial Statements

The accounts of the City are organized and operated on the basis of funds. A fund is an independent fiscal and accounting entity with a self-balancing set of accounts. The fund financial statements are provided for governmental funds and proprietary funds. The emphasis of fund financial statements is on the major governmental and enterprise funds, each displayed in a separate column. All remaining governmental and enterprise funds are aggregated and reported as other funds (nonmajor).

The funds of the financial reporting entity are described below:

#### **Governmental Funds**

*General Fund* – The General Fund is the general operating fund of the City. It is used to account for all financial resources except those reported in another fund.

**Special Revenue Funds** – These funds are used to account for and report the proceeds of specific revenue sources that are restricted or committed to expenditure for specified purposes other than debt service or capital projects.

#### C. Fund Financial Statements (Continued)

#### Governmental Funds (Continued)

**Debt Service Funds** – These funds are used to account for the accumulation of resources for and the payment of general long-term obligation principal, interest, and related costs other than those financed by the City sales tax and proprietary funds.

**Capital Projects Funds** – These funds are used to account for and report financial resources that are restricted, committed, or assigned to expenditure for capital outlays including the acquisition or construction of capital facilities and other capital assets.

#### Proprietary Funds

**Enterprise Funds** – The Enterprise Funds are used to account for those operations which are financed and operated in a manner similar to private business or for which the board has decided that the determination of revenues earned, costs incurred, and/or net income is necessary for management accountability.

#### Major Governmental Funds

*General Fund* – Accounts for all financial resources except those reported in another fund. It is the general operating fund of the City.

*City Sales Tax Fund* – Accounts for the restricted sales tax revenues collected that are authorized by the Minnesota State Legislature to fund the construction of a public safety facility, City administrative services facility, Hermantown sewer trunk line and water infrastructure improvements, and the construction and equipping of a regional, multiuse wellness center.

**Essentia Wellness Center Capital Projects Fund** – Accounts for the proceeds of bonds issued as well as capital contributions received which are restricted for the construction of the Essentia Wellness Center.

**Essentia Wellness Center Special Revenue Fund** – Accounts for lease revenue from Essentia Wellness Center, which are restricted for use covering costs related to the facility costs of the Essentia Wellness Center.

#### Major Proprietary Funds

*Water Utility Fund* – Accounts for the activity of providing water services to the public.

**Sewage Disposal Fund** – Accounts for the activity of providing sewer disposal services to the public.

### NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### D. Measurement Focus and Basis of Accounting

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary fund statements. Revenues are recorded when earned, and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are generally recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities for the current period. For this purpose, the City considers all revenues, except reimbursement grants, to be available if they are collected within 60 days of the end of the current fiscal year. Reimbursement grants are considered available if they are collected within one year of the end of the current fiscal period. Expenditures generally are recorded when the liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

Property taxes, sales taxes, franchise fees, special assessments, intergovernmental revenues, charges for service, and interest associated with the current fiscal period are all considered susceptible to accrual and therefore have been recognized as revenues of the current fiscal period. Only the portion of special assessments receivable due within the current fiscal period is considered to be susceptible to accrual as revenue of the current period. All other revenue items are considered to be measurable and available only when cash is received by the City.

#### E. Assets, Liabilities, and Equity

#### Cash and Cash Equivalents

Cash balances from all funds are combined and invested to the extent available in certificates of deposit and other short-term securities. Earnings from such investments are allocated to the respective funds on the basis of average cash balance participation by each fund.

Investments are stated at fair value, based on quoted market prices, except for investments in 2a7-like external investment pools, which are stated at amortized cost. Investment income is accrued at the balance sheet date.

### NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### E. Assets, Liabilities, and Equity (Continued)

#### Cash and Cash Equivalents (Continued)

For purposes of the proprietary fund-type statements of cash flows, the City considers all legal investments authorized by Minnesota Statutes with a maturity of three months or less to be cash equivalents.

#### Interfund Transactions

Activities between funds that are representative of lending/borrowing arrangements are reported as "due to/from other funds" and "advances to/from other funds." Interfund receivables and payables between funds within governmental activities are eliminated in the statement of net position.

#### **Receivables**

In the government-wide statements, receivables consist of all revenues earned at yearend and not yet received. Allowances for uncollectible receivables are based on historical trends and the periodic aging of accounts.

Accounts receivable for utility receivables are shown at a gross amount, since utility receivables are assessable to the associated property and are collectible upon sale of the assessed property.

#### Property Taxes

Property tax levies are set by the City Council in December of each year and are certified to St. Louis County for collection in the following year. In Minnesota, counties act as collection agents for all property taxes. The County spreads all levies over taxable property. Such taxes become a lien on January 1 and are recorded as receivables by the City on that date. Revenues are accrued and recognized in the year collectible, net of delinquencies. Real property taxes may be paid by taxpayers in two equal installments on May 15 and October 15. Personal property taxes may be paid on February 28 and June 30. The County provides tax settlements to cities and other taxing districts in January, June or July, and November or December. Delinquent taxes have been offset by a deferred inflow of resources for delinquent taxes not received within 60 days after year-end in the governmental fund financial statements.

No allowance for uncollectible taxes has been provided because such amounts are not expected to be material.

#### Special Assessments

Special assessments are levied against benefited properties for the cost or a portion of the cost of special assessment improvement projects in accordance with state statutes. These assessments are collectible by the City over a term of years as approved through City Council Resolution. Collection of annual installments (including interest) is handled by the county auditor in the same manner as property taxes. Property owners are allowed to prepay future installments without interest or prepayment penalties.

### NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### E. Assets, Liabilities, and Equity (Continued)

#### Special Assessments (Continued)

Once a special assessment roll is adopted, the amount attributed to each parcel is a lien on that property until full payment is made or the amount is determined to be excessive by the City Council or court action. If special assessments are allowed to become delinquent, the property is subject to tax forfeit sale, and the first proceeds of that sale (after costs, penalties, and expenses of sale) are remitted to the City in payment of delinquent special assessments. Generally, the City will collect the full amount of its special assessments not adjusted by the City Council or court action. Pursuant to state statutes, a property shall be subject to a tax forfeit sale after three years unless it is homesteaded, agricultural, or seasonal recreational land, in which event the property is subject to such sale after five years.

#### Prepaid Items

Payments made to vendors for services that will benefit periods beyond December 31, 2020, are recorded as prepaid items. Prepaid items are reported using the consumption method and recorded as expenditures/expenses at the time of consumption.

#### Inventories

All inventories are valued at cost using the first-in, first-out (FIFO) method. Inventories are recorded as expenditures when consumed rather than when purchased.

#### Capital Assets

Capital assets, which include property, plant, equipment, and infrastructure assets (e.g., roads, bridges, sidewalks, and similar items), and intangible assets such as easements, are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. Capital assets, including infrastructure assets, are defined by the City as assets with an initial, individual cost of more than \$20,000 and an estimated useful life in excess of two years. In the case of donations, the government values these capital assets at the estimated acquisition value on the date of its donation. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are not capitalized. Major outlays for capital assets and improvements are capitalized as projects are constructed.

### NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### E. Assets, Liabilities, and Equity (Continued)

Capital Assets (Continued)

Capital assets are depreciated using the straight-line method over the following estimated useful lives:

| <u>Assets</u>                          | <u>Years</u> |
|--|--------------|
| Land Improvements                      | 10 – 50      |
| Buildings                              | 10 – 40      |
| Equipment                              | 3 – 25       |
| Infrastructure                         | 15 – 25      |
| Transmission System, Source of Supply, |              |
| and Pumping Plant                      | 50 – 99      |

### F. Unearned Revenue

In the financial statements, certain revenue transactions have been reported as unearned revenue. Revenue cannot be recognized until it has been earned.

Unearned revenues for the City include a \$2,000,000 naming rights agreement for the Essentia Wellness Center that is to be recognized as revenue over the 20-year term of the agreement. Two years have been recognized and remaining unearned revenue is \$1,800,000 as of the end of the year.

### G. Compensated Absences

It is the City's policy to permit employees to accumulate earned but unused vacation leave and sick pay benefits. Vested employees may receive a lump sum payment to a health care savings plan or a lump sum cash payment if they retire. The liability for these compensated absences is recorded as a long-term liability in the government-wide financial statements. In the fund financial statements, governmental funds report only the compensated absences liability payable if they have matured, for example, as a result of employee resignations and retirements. The proprietary funds report the liability as it is incurred.

### H. Long-Term Liabilities

In the government-wide financial statements and for the proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund-type statement of net position. The recognition of bond premiums and discounts is amortized over the life of the bonds. Bonds payable are reported net of the applicable premium or discount. Bond issuance costs are reported as an expense in the period they occurred.

## NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### H. Long-Term Liabilities (Continued)

In the fund financial statements, governmental funds recognize bond premiums and discounts, as well as issuance costs, during the current period. Premiums received on debt issuances are reported as other financing sources, while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

## I. Pensions

For the purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about fiduciary net position of the Public Employees Retirement Association (PERA) and additions to/deductions from PERA's fiduciary net position have been determined on the same basis as they are reported by PERA except that PERA's fiscal year is June 30. For this purpose, plan contributions are recognized as of employer payroll paid dates and benefit payments and refunds are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

## J. Other Postemployment Benefits (OPEB)

The City provides other postemployment benefits (OPEB) to some retired employees based on eligibility established by contracts with bargaining units or other employment contracts. Retirees are required to pay 100% of their premium cost for the City-sponsored group health insurance plan in which they participate.

#### K. Deferred Outflows/Inflows of Resources

In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then. The City has reported deferred outflows related to pensions for its proportionate shares of collective deferred outflows of resources related to pensions and the City's contributions to pension plans subsequent to the measurement date of the collective net pension liability.

In addition to liabilities, the statement of financial position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The City has reported unavailable revenue from delinquent property taxes and deferred special assessments, which arises only under a modified accrual basis of accounting, in the governmental funds balance sheet. The City has also reported deferred inflows of resources for its proportionate share of the collective deferred inflows of resources related to pensions.

## NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### L. Fund Balance Classifications

In the fund financial statements, governmental funds report their fund balance in classifications that disclose constraints for which amounts in those funds can be spent. These classifications are as follows:

*Nonspendable* – Consists of amounts that are not in spendable form, such as prepaid items.

*Restricted* – Consists of amounts related to externally imposed constraints established by creditors, grantors, or contributors or constraints imposed by state statutory provisions.

*Committed* – Consists of internally imposed constraints. The City Council will annually, or as deemed necessary, commit specific revenue sources for specified purpose by resolution. This formal action must occur prior to the end of the reporting period; however, the amount to be subject to the constraint may be determined in the subsequent period. To remove the constraint on specified use of committed resources, the City Council shall pass a resolution.

*Assigned* – Consists of internally imposed constraints. These constraints reflect the specific purpose for which it is the City's intended use. These constraints are established by the City Council and/or management. Pursuant to City Council resolution, the City's Finance Director is authorized to establish assignments of fund balance.

*Unassigned* – Is the residual classification for the General Fund and also reflects negative residual amounts in other funds.

When restricted and unrestricted resources are available for use, it is the City's policy to first use restricted resources and then use unrestricted resources as they are needed.

When committed, assigned, or unassigned resources are available for use, it is the City's policy to use resources in the following order: 1) committed, 2) assigned, and 3) unassigned.

The City Council has formally adopted a policy regarding the minimum unrestricted fund balance for the General Fund. The policy establishes a year-end targeted unrestricted fund balance of 35%-50%, no less than five months of the next year's budgeted expenditures. This will assist in maintaining an adequate level of fund balance to provide for cash flow requirements and contingency needs because major revenues, including property taxes and other governmental aids, are received in the second half of the City's fiscal year. At December 31, 2020, the unassigned fund balance for the General Fund was 67.59% of the subsequent year's budgeted expenditures, or \$5,945,201.

## NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### M. Net Position

Net position represents the difference between assets and deferred outflows of resources and liabilities and deferred inflows of resources in the government-wide and proprietary financial statements. Net investment in capital assets consists of capital assets, net of accumulated depreciation, reduced by the outstanding balance of any long-term debt used to construct or acquire the capital assets (adjusted for unspent debt proceeds). Restricted net position consists of net position with constraints on their use by external restrictions imposed by creditors, grantors, and laws or regulations of other governments. Unrestricted net position is all other net position that does not meet the definition of *restricted* or *investment in capital assets*.

#### N. Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

#### O. Stewardship, Compliance, and Accountability

#### Budgetary Information

The City followed these procedures in establishing the budgetary data reflected in the financial statements:

- 1. Annual budgets are adopted for the General Fund, Special Revenue Fund, and Debt Service Funds. The budget is adopted on a basis consistent with GAAP. Budgetary comparisons presented in this report are on a budgetary basis. Budgeted expenditure appropriations lapse at year-end. Budgeted amounts are as originally adopted or as amended by the City Council.
- 2. The budget is legally enacted through passage of a resolution.
- 3. The government's department heads may make transfers of appropriations within a department. The City Council may authorize transfer of budgeted amounts between departments.
- 4. Formal budgetary integration is employed as a management control device during the year.

Budgetary control for capital project funds is accomplished through the use of project controls.

## NOTE 2 DEPOSITS AND INVESTMENTS

#### <u>Deposits</u>

In accordance with Minnesota Statutes, the City maintains deposits at those financial institutions authorized by the City Council. All such depositories are members of the Federal Reserve System.

Minnesota Statute requires that all City deposits be protected by insurance, surety bond, or collateral. The market value of collateral pledged must equal 110% of the deposits not covered by insurance or bonds. Authorized collateral includes treasury bills, notes and bonds; issues of U.S. government agencies; general obligations rated "A" or better, revenue obligations rated "AA" or better; irrevocable standard letters of credit issued by the Federal Home Loan Bank; and certificates of deposit. Minnesota Statutes require that securities pledged as collateral be held in safekeeping by the City Treasurer or in a financial institution other than that furnishing the collateral.

Custodial Credit Risk – Custodial credit risk is the risk that in the event of a financial institution failure, the City's deposits may not be returned to it. The City requires collateral for deposits over Federal Deposit Insurance Company (FDIC) insurance amounts. At December 31, 2020, the City's bank balance was fully insured or collateralized.

#### **Investments**

Minnesota Statutes 118A.04 and 118A.05 generally authorize the types of investments available to the City as; securities which are direct obligations or are guaranteed or insured issues of the United States, its agencies, its instrumentalities, or organizations created by an act of Congress, except mortgage-backed securities defined as "high risk" by Minnesota statute 118A.04 subd. 6; mutual funds through share of registered investment companies provided the mutual fund receives certain ratings depending on its investments; general obligations of the state of Minnesota and its municipalities, and in certain state agency and local obligations of Minnesota and other states provided such obligations have certain specified bond ratings by a national bond rating service; bankers' acceptances of United States banks; commercial paper issued by United States corporations or their Canadian subsidiaries that is rated in the highest quality category by two nationally recognized rating agencies and matures in 270 days or less; and with certain restrictions, in repurchase agreements, securities lending agreements, joint powers investment trusts, and guaranteed investment contracts.

The City is invested in the Minnesota Municipal Money Market Fund (4M Fund). The 4M Fund is an external investment pool not registered with the Securities and Exchange Commission (SEC). The City's investment in the 4M Fund is measured at the net asset value per share provided by the pool, which is based on amortized cost method that approximates fair value. At December 31, 2020, the City had an investment in the 4M Fund in the amount of \$8,530,098.

#### NOTE 2 DEPOSITS AND INVESTMENTS (CONTINUED)

#### **Investments (Continued)**

Custodial Credit Risk – The custodial credit risk for investments is the risk that, in the event of the failure of the counterparty to a transaction, a government will not be able to recover the value of investment or collateral securities that are in the possession of an outside party. At December 31, 2020, none of the City's investments were subject to custodial credit risk.

Concentration of Credit Risk – The concentration of credit risk is the risk of loss that may be caused by the City's investment in a single issuer. The City has no policy that would limit its investment in a single issuer.

Interest Rate Risk – Interest rate risk is the risk that changes in the market interest rates will adversely affect the fair value of an investment. The City does not have a formal policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

State law limits investments as discussed above. The City has no investment policy that would further limit its investment choices.

|                            |    |            |    |           | Matu             | urities |        |                 |
|----------------------------|----|------------|----|-----------|------------------|---------|--------|-----------------|
|                            |    |            | L  | ess Than  | 1-5              | (       | Over 5 | No              |

| Federal Home Loan Mortgage |    |            |    |           |                  |         |        |                 |
| Corporation                | \$ | 5,987      | \$ | -         | \$<br>-          | \$      | 5,987  | \$<br>-         |
| Negotiable CDs             |    | 13,796,597 |    | 2,508,399 | 11,288,198       |         | -      | -               |
| Mutual Funds               |    | 577,788    |    | -         | -                |         | -      | 577,788         |
| Municipal Bonds            |    | 886,776    |    | 886,776   | -                |         | -      | -               |
| External Investment Pool   |    | 8,530,098  |    | -         | <br>-            |         | -      | <br>8,530,098   |
| Total Investments          | \$ | 23,797,246 | \$ | 3,395,175 | \$<br>11,288,198 | \$      | 5,987  | \$<br>9,107,886 |

At December 31, 2020, the City had the following investments:

Credit Risk – Generally, credit risk is the risk that an issuer of an investment will not fulfill its obligation to the holder of the investment. This is measured by the assignment of a rating by a nationally recognized statistical rating organization. It is the City's policy to invest only in securities that meet the ratings requirements set by state statute.

The following chart summarizes the ratings for the City's investments as rated by Standard and Poor's as of December 31, 2020:

| Credit Rating          | Fair Value |                                  |  |  |  |
|------------------------|------------|----------------------------------|--|--|--|
| AA<br>AA-<br>Not rated | \$         | 487,988<br>304,173<br>23,005,085 |  |  |  |
| Total                  | \$         | 23,797,246                       |  |  |  |

#### NOTE 2 DEPOSITS AND INVESTMENTS (CONTINUED)

#### Investments (Continued)

The City categorizes its fair value measurements within the fair value hierarchy established by accounting principles generally accepted in the United States. The hierarchy is based on the valuation inputs used to measure the fair value of the assets. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; Level 3 are significant unobservable inputs.

The City has the following investments valued at recurring fair value measurements at December 31, 2020:

|  |       |            | Fair Value Measurement Using   |   |   |            |  |          |  |  |
|--|-------|------------|--|---|---|------------|--|----------|--|--|
|  | Total |            | Quoted Prices<br>in Active Markets<br>for Identical<br>Assets<br>(Level 1) |   | Significant<br>Other<br>Observable<br>Inputs<br>(Level 2) |            | Significant<br>Unobservable<br>Inputs<br>(Level 3) |          |  |  |
| Investments by Fair Value Level        |       |            | · · · · ·  |   |   | · · · ·    | · · ·  | <u> </u> |  |  |
| Federal Home Loan Mortgage Corporation | \$    | 5,987      | \$   | - | \$  | 5,987      | \$   | -        |  |  |
| Negotiable CDs                         | 1     | 11,288,198 |  | - |   | 11,288,198 |  | -        |  |  |
| Mutual Funds                           |       | 577,788    |  | - |   | 577,788    |  | -        |  |  |
| Municipal Bonds                        |       | 886,776    |  | - |   | 886,776    |  | -        |  |  |
| Total                                  | 1     | 12,758,749 | \$   | - | \$  | 12,758,749 | \$   | -        |  |  |
| Investments Measured at Amortized Cost | 1     | 11,038,497 |  |   |   |            |  |          |  |  |
| Total Investments                      | \$ 2  | 23,797,246 |  |   |   |            |  |          |  |  |

The following table sets forth additional disclosures about the City's investments whose value are estimated using net asset value (NAV) as of December 31, 2020:

|                               |                 |             |            | Redemption |
|-------------------------------|-----------------|-------------|------------|------------|
|                               |                 | Unfunded    | Redemption | Notice     |
|                               |                 | Commitments | Frequency  | Period     |
| External Investment Pool - 4M | \$<br>8,530,098 | \$-         | None       | 14 Days    |

The City's total deposits and investments are as follows:

| Cash on Hand                   | \$<br>700        |
|--------------------------------|------------------|
| Deposits                       | 7,106,362        |

| 2036-2040                |                          | 5,520,000  |    | 340,556   |    | 5,860,556  |
| Total                    | \$                       | 36,010,000 | \$ | 8,780,290 | \$ | 44,790,290 |

General Obligation bonds are paid from Debt Service Funds.

Compensated absences, total OPEB liability, and net pension liability are paid from the General Fund, Water Utility Fund, Sewage Disposal Fund and Storm Water Fund.

On May 6, 2020 the City issued \$3,585,00 General Obligation Improvement and Refunding Bonds, Series 2020A, refunding \$1,435,000 of the General Improvement Bonds Series 2010A. The bonds bear interest at a rate of 3.00% decreasing to 2.00% and have a final maturity date of February 1, 2036. Future combined debt service payments will be reduced by \$58,206 with a present value savings of \$53,690.

#### NOTE 6 CONDUIT DEBT OBLIGATIONS

The Hermantown Economic Development Authority (HEDA) has issued revenue bonds for the purpose of providing capital financing to various entities. Even though the debt bears HEDA's name, HEDA is not responsible for the payment of the original debt. The debt is secured by the payments agreed to be paid by these entities under the terms of the agreement between HEDA and the entity. The general description of the transactions and the outstanding balance as of December 31, 2020 are as follows:

| Enterprise                            | Year of Issue | I  | utstanding<br>Balance<br>2/31/20 |
|---------------------------------------|---------------|----|----------------------------------|
| Marshall School 2004B                 | 2004          | \$ | 185,637                          |
| Saints-Hilltoppers Arena Project 2010 | 2010          |    | 321,100                          |
| Marshall School 2011                  | 2011          |    | 229,964                          |
| Total                                 |               | \$ | 736,701                          |

## NOTE 7 INTERFUND TRANSACTIONS

The composition of interfund balances as of December 31, 2020 is as follows:

Due to/from balances are caused by either timing differences or the elimination of negative cash balances within the various funds. All interfund balances are expected to be repaid within one year.

|                                   | D  | ue From  | Γ   | Due To    |
|-----------------------------------|----|----------|-----|-----------|
| Governmental Funds:               |    |          |     |           |
| City Sales Tax Fund               | \$ | 646,268  | \$  | -         |
| Munger Trail Fund                 |    | -        |     | 493,142   |
| Municipal State Aid Streets Fund  |    | -        | 1   | 153,126   |
| Total                             | \$ | 646,268  | \$  | 646,268   |
|                                   |    |          |     |           |
| Advances to/from other funds:     |    |          |     |           |
|                                   | Ad | vance To | Adv | ance From |
| Governmental Funds:               |    |          | 1   |           |
| Cable Television Fund             | \$ | -        | \$  | 150,000   |
| TIF District #1 Improvements Fund |    | 700,000  |     |           |
| Total Governmental Funds          |    | 700,000  |     | 150,000   |
| Proprietary Funds:                |    |          |     |           |
| Street Lighting Fund              |    | -        |     | 550,000   |
| Total                             | \$ | 700,000  | \$  | 700,000   |
|                                   |    |          |     |           |

Advances were made to fund various projects. The advances bear interest at 4%. There is no due date for repayment.

#### NOTE 7 INTERFUND TRANSACTIONS (CONTINUED)

#### Interfund Transfers

Transfers are indicative of funding for capital projects, lease payments or debt service, subsidies of various City operations and re-allocations of special revenues. The following schedule briefly summarizes the City's transfer activity:

In the year ended December 31, 2020, the City made the following one-time transfers, which are included in the amounts presented above:

|  | Transfer In  | Transfer Out |
|--|--------------|--------------|
| Governmental Funds:                          |              |              |
| General Fund                                 | \$ 14,175    | \$ 629,121   |
| City Sales Tax Fund                          | -            | 2,741,143    |
| G.O. Refunding Bonds, Series 2016A Refunding | 216,657      | -            |
| G.O. Improvement Bonds, Series 2010A Fund    | 255,000      | 217,431      |
| G.O. Improvement Bonds, Series 2012B Fund    | 40,119       | -            |
| G.O. Improvement Bonds, Series 2014A Fund    | 231,500      | -            |
| G.O. Improvement Bonds, Series 2012A Fund    | 197,539      | -            |
| G.O. Improvement Bonds, Series 2016B Fund    | 698,807      | -            |
| G.O. Tax Abatement Bonds, Series 2018B Fund  | 517,821      | -            |
| G.O. Tax Abatement Bonds, Series 2019A Fund  | 647,462      | -            |
| G.O. Improvement Bonds, Series 2020A         | 272,484      | -            |
| G.O. Improvement Bonds, Series 2020B         | 90,300       | -            |
| Special Assessment Deficiency Fund           | -            | 27,806       |
| Munger Trail Fund                            | -            | 14,175       |
| General Capital Projects Fund                | 541,121      | -            |
| Municipal Building Reserve Fund              | 100,000      | -            |
| Special Assessment/Road Improvement Fund     | 70,000       | 34,385       |
| Total Governmental Funds                     | 3,892,985    | 3,664,061    |
| Proprietary Funds:                           |              |              |
| Water Utility Fund                           | 148,158      | 123,702      |
| Sewage Disposal Fund                         | -            | 245,011      |
| Storm Water Fund                             | -            | 8,369        |
| Total Proprietary Funds                      | 148,158      | 377,082      |
| Total  | \$ 4,041,143 | \$ 4,041,143 |

The City budgets transfers to various Debt Service Funds from the Sales Tax Fund, Special Assessment Deficiency Fund, Water Utility Fund, and Sewage Disposal in order to pay required principle and interest. Transfers to the General Capital Projects Fund from the General Fund, Water Utility Fund, and Sewage Disposal Fund were for various capital purchases.

# NOTE 8 FUND BALANCES/NET POSITION

Fund balance was nonspendable for the following purposes at December 31, 2020:

## **Prepaid Items**

| Governmental Funds:                            |               |
|--|---------------|
| General Fund                                   | \$<br>77,364  |
| Essentia Wellness Special Revenue Fund         | 11,349        |
| Hermantown Economic Development Authority Fund | 15            |
| Cable Television Fund                          | 150,025       |
| Total Nonspendable                             | \$<br>238,753 |

Governmental net position and fund balances were restricted for the following purposes at December 31, 2020:

|  | Net Position  | Fund Balance  |
|--|---------------|---------------|
| Debt Service Funds                     | \$ 16,397,446 | \$ 12,296,797 |
| Essentia Wellness Special Revenue Fund | 182,421       | 182,421       |
| Police Program Fund                    | 204,658       | 204,658       |
| Park Dedication Fund                   | 100,452       | 100,452       |
| Soccer Fields                          | 73,168        | 73,168        |
| Total Restricted                       | \$ 16,958,145 | \$ 12,857,496 |

Fund balances were committed for the following purposes at December 31, 2020:

| Other Governmental Funds: |                 |
|---------------------------|-----------------|
| Economic Development      | \$<br>303,612   |
| Park Improvements         | 108,456         |
| Wetland Restoration       | 58,290          |

| Total Committed           | \$<br>1,050,378 |

Fund balances were assigned for the following purposes at December 31, 2020:

| General Capital Projects                | \$<br>514,431   |
|---|-----------------|
| Essentia Wellness Capital Projects Fund | 283,451         |
| Special Assesment/Road Improvement Fund | 97,046          |
| Municipal Building Reserve              | 175,296         |
| HEDA Fleet Projects                     | 101,097         |
| Total Assigned                          | \$<br>1,171,321 |

The following funds had an unassigned fund balance (deficit) at December 31, 2020:

| General Fund                     | \$<br>4,018,261 |
|----------------------------------|-----------------|
| Munger Trail Fund                | (128,255)       |
| TIF District 1 Improvement Fund  | (656,122)       |
| Municipal State Aid Streets Fund | <br>(186,542)   |
| Total                            | \$<br>3,047,342 |

## NOTE 9 DEFINED BENEFIT PENSION PLANS

#### A. Plan Description

The City participates in the following cost-sharing multiple-employer defined benefit plans administered by the Public Employees Retirement Association of Minnesota (PERA). PERA's defined benefit pension plans are established and administered in accordance with Minnesota Statutes, Chapters 353 and 356. PERA's defined benefit pension plans are tax-qualified plans under Section 401 (a) of the Internal Revenue Code.

- 1. General Employees Retirement Plan covers certain full time and part-time employees of the City. General Employees Plan members belong to either the Coordinated Plan. Coordinated Plan members are covered by Social Security.
- 2. The Police and Fire Plan, originally established for police officers and firefighters not covered by a local relief association, now covers all police officers and firefighters hired since 1980. Effective July 1, 1999, the Police and Fire Plan also covers police officers and firefighters belonging to local relief associations that elected to merge with and transfer assets and administration to PERA.

## Benefits Provided

PERA provides retirement, disability, and death benefits. Benefit provisions are established by state statute and can only be modified by the state legislature. Vested Terminated employees who are entitled to benefits, but are not receiving them yet, are bound by the provisions in effect at the time they last terminated their public service.

1. General Employees Plan Benefits

General Employees Plan benefits are based on a member's highest average salary for any five successive years of allowable service, age, and years of credit at termination of service. Two methods are used to compute benefits for PERA's Coordinated Plan members. Members hired prior to July 1, 1989, receive the higher of Method 1 or Method 2 formulas. Only Method 2 is used for members hired after June 30, 1989. Under Method 1, the accrual rate for Coordinated members is 1.2% for each of the first 10 years of service and 1.7% for each additional year. Under Method 2, the accrual rate for Coordinated members is 1.2% For members hired prior to July 1, 1989 a full annuity is available when age plus years of service equal 90 and normal retirement age is 65. For members hired on or after July 1, 1989, normal retirement age is the age for unreduced Social Security benefits capped at 66.

## NOTE 9 DEFINED BENEFIT PENSION PLANS (CONTINUED)

#### A. Plan Description (Continued)

1. General Employees Plan Benefits (Continued)

Benefit increases are provided to benefit recipients each January. The postretirement increase is equal to 50% of the cost-of-living adjustment (COLA) announced by the SSA, with a minimum increase of at least 1% and a maximum of 1.5%. Recipients that have been receiving the annuity or benefit for at least a full year as of the June 30 before the effective date of the increase will receive the full increase. Recipients receiving the annuity or benefit for at least one month but less than a full year as of the June 30 before the effective date of the increase will receive a reduced prorated increase. For members retiring on January 1, 2024, or later, the increase will be delayed until normal retirement age (age 65 if hired prior to July 1, 1989, or age 66 for individuals hired on or after July 1, 1989). Members retiring under Rule of 90 are exempt from the delay to normal retirement.

2. Police and Fire Benefits

Benefits for Police and Fire Plan members first hired after June 30, 2010, but before July 1, 2014, vest on a prorated basis from 50% after five years up to 100% after 10 years of credited service. Benefits for Police and Fire Plan members first hired after June 30, 2014, vest on a prorated basis from 50% after 10 years up to 100% after 20 years of credited service. The annuity accrual rate is 3% of average salary for each year of service. For Police and Fire Plan members who were first hired prior to July 1, 1989, a full annuity is available when age plus years of service equal at least 90.

Benefit increases are provided to benefit recipients each January. The postretirement increase will be fixed at 1%. Recipients that have been receiving the annuity or benefit for at least 36 months as of the June 30 before the effective date of the increase will receive the full increase. Recipients receiving the annuity or benefit for at least 25 months but less than 36 months as of the June 30 before the effective date of the increase will receive a reduced prorated increase.

# **B.** Contributions

Minnesota Statutes Chapter 353 sets the rates for employer and employee contributions. Contribution rates can only be modified by the state legislature.

1. General Employees Fund Contributions

Coordinated Plan members were required to contribute 6.5% of their annual covered salary in calendar year 2020 and the City was required to contribute 7.5% for Coordinated Plan members. The City's contributions to the General Employees Fund for the year ended December 31, 2020 were \$116,340. The City's contribution was equal to the contractually required contribution as set by state statute.

## NOTE 9 DEFINED BENEFIT PENSION PLANS (CONTINUED)

#### **B.** Contributions (Continued)

2. Police and Fire Fund Contributions

Police and Fire member's contribution rates increased from 11.30% of their annual covered salary to 11.80% and employer rates increased from 16.95% to 17.70% on January 1, 2020. The City's contributions to the Police and Fire Fund for the year ended December 31, 2020 were \$244,165. The City's contributions were equal to the required contributions as set by state statute.

# C. Pension Costs

1. General Employees Fund Pension Costs

At December 31, 2020, the City reported a liability of \$1,241,060 for its proportionate share of the General Employees Fund's net pension liability. The City's net pension liability reflected a reduction due to the state of Minnesota's contribution of \$16 million. The state of Minnesota is considered a nonemployer contributing entity and the state's contribution meets the definition of a special funding situation. The state of Minnesota's proportionate share of the net pension liability associated with the City totaled \$38,201. The net pension liability was measured as of June 30, 2020, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The City's proportion of the net pension liability was based on the City's contributions received by PERA during the measurement period for employer payroll paid dates from July 1, 2019, through June 30, 2020, relative to the total employer contributions received from all of PERA's participating employers. The City's proportionate share was 0.0207% at the end of the measurement period and 0.0199% for the beginning of the period.

| The City's Proportionate Share of the Net Pension<br>Liability                                    | \$<br>1,241,060 |
|---|-----------------|
| State of Minnesota's Proportionate Share of the<br>Net Pension Liability Associated with the City | <br>38,201      |
| Total   | \$<br>1,279,261 |

For the year ended December 31, 2020, the City recognized pension expense of \$89,938 for its proportionate share of the General Employees Plan's pension expense. In addition, the City recognized an additional \$3,325 as pension expense (and grant revenue) for its proportionate share of the state of Minnesota's contribution of \$16 million to the General Employees Fund.

## NOTE 9 DEFINED BENEFIT PENSION PLANS (CONTINUED)

#### C. Pension Costs (Continued)

#### 1. General Employees Fund Pension Costs (Continued)

At December 31, 2020, the City reported its proportionate share of the General Employees Plan's deferred outflows of resources and deferred inflows of resources from the following sources:

|  | C  | eferred<br>outflows<br>Resources |    | eferred<br>nflows<br>Resources |
|--|----|----------------------------------|----|--------------------------------|
| Differences Between Expected and Actual        |    |                                  |    |                                |
| Economic Experience                            | \$ | 11,315                           | \$ | 4,696                          |
| Net Difference Between Projected and Actual    |    |                                  |    |                                |
| Investment Earnings on Plan Investments        |    | -                                |    | 46,011                         |
| Changes in Proportion                          |    | 21,440                           |    | -                              |
| Effect of Changes in Assumptions               |    | 55,112                           |    | -                              |
| Contributions Subsequent to Measurement Period |    | 60,626                           |    | -                              |
| Total  | \$ | 148,493                          | \$ | 50,707                         |
|  |    |                                  |    |                                |

\$60,626 reported as deferred outflows of resources related to pensions resulting from City contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ended December 31, 2021. Other amounts reported as deferred outflows and inflows of resources related to pensions will be recognized in pension expense as follows:

| Year Ending December 31, | E  | ension<br>xpense<br>mount |
|--------------------------|----|---------------------------|
| 2021                     | \$ | (42,297)                  |
| 2022                     |    | 13,137                    |
| 2023                     |    | 36,337                    |
| 2024                     |    | 29,983                    |
| Total                    | \$ | 37,160                    |

## NOTE 9 DEFINED BENEFIT PENSION PLANS (CONTINUED)

#### C. Pension Costs (Continued)

2. Police and Fire Fund Pension Costs

At December 31, 2020, the City reported a liability of \$1,540,867 for its proportionate share of the Police and Fire Fund's net pension liability. The net pension liability was measured as of June 30, 2020, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The City's proportion of the net pension liability was based on the City's contributions received by PERA during the measurement period for employer payroll paid dates from July 1, 2019 through June 30, 2020, relative to the total employer contributions received from all of PERA's participating employers. The City's proportionate share was 0.1169% at the end of the measurement period and 0.1203% for the beginning of the period.

The state of Minnesota contributed \$13.5 million to the Police and Fire Fund in the plan fiscal year ended June 30, 2020. The contribution consisted of \$4.5 million in direct state aid that does meet the definition of a special funding situation and \$9.0 million in supplemental state aid that does not meet the definition of a special funding situation. The \$4.5 million direct state was paid on October 1, 2019. Thereafter, by October 1 of each year, the state will pay \$9 million to the Police and Fire Fund until full funding is reached or July 1, 2048, whichever is earlier. The \$9 million in supplemental state aid will continue until the fund is 90% funded, or until the State Patrol Plan (administered by the Minnesota State Retirement System) is 90% funded, whichever occurs later.

The state of Minnesota is included as a nonemployer contributing entity in the Police and Fire Retirement Plan Schedule of Employer Allocations and Schedule of Pension Amounts by Employer, Current Reporting Period Only (pension allocation schedules) for the \$4.5 million in direct state aid. Police and Fire Plan employers need to recognize their proportionate share of the state of Minnesota's pension expense (and grant revenue) under GASB 68 special funding situation accounting and financial reporting requirements. For the year ended December 31, 2020, the City recognized pension expense of \$184,235 for its proportionate share of the Police and Fire Plan's pension expense. The City recognized \$10,521 as grant revenue for its proportionate share of the state of Minnesota's pension expense for the contribution of \$4.5 million to the Police and Fire Fund.

The state of Minnesota is not included as a nonemployer contributing entity in the Police and Fire Pension Plan pension allocation schedules for the \$9 million in supplemental state aid. The City recognized \$11,172 for the year ended December 31, 2020 as revenue and an offsetting reduction of net pension liability for its proportionate share of the state of Minnesota's on-behalf contributions to the Police and Fire Fund.

|                                | Employees Pl | an Fire Plan    | Total        |
| Net Pension Liability          | \$ 1,241,06  | 50 \$ 1,540,867 | \$ 2,781,927 |
| Deferred Outflows of Resources | 148,49       | 93 824,934      | 973,427      |
| Deferred Inflows of Resources  | 50,70        | 07 1,142,598    | 1,193,305    |
| Pension Expense                | 89,93        | 38 184,235      | 274,173      |

## **D.** Actuarial Assumptions

The total pension liability in the June 30, 2020, actuarial valuation was determined using the following actuarial assumptions:

|                              | General        | Police         |
|------------------------------|----------------|----------------|
|                              | Employees      | and Fire       |
|                              | Fund           | Fund           |
| Inflation                    | 2.25% per year | 2.50% per year |
| Active Member Payroll Growth | 3.00% per year | 3.25% per year |
| Investment Rate of Return    | 7.50%          | 7.50%          |

Salary increases were based on a service-related table. Mortality rates for active members, retirees, survivors, and disabilitants were based on Pub-2010 General Employee Mortality table for the General Employees Plan and RP 2014 tables for the Police and Fire for males or females, as appropriate, with slight adjustments to fit PERA's experience. Cost of living benefit increases after retirement for retirees are assumed to be 1.25% per year for the General Employees Plan. For the Police and Fire Plan, cost of living benefit increases for retirees are 1.0% per year as set by state statute.

Actuarial assumptions used in the June 30, 2020 valuation were based on the results of actuarial experience studies. The most recent four-year experience study for the General Employees Plan was completed in 2019. The assumption changes were adopted by the Board and became effective with the July 1, 2020 actuarial valuation. The four-year experience study used for the Police and Fire Plan was completed in 2016. Inflation and investment return assumptions for the Police and Fire Plan are based on the General Employees Retirement Plan experience study completed in 2019. The most recent four-year experience studies for the Police and Fire Plan were completed in 2020. The recommended assumptions for those plans were adopted by the Board and will be effective with the July 1, 2021 actuarial valuations if approved by the Legislature.

# NOTE 9 DEFINED BENEFIT PENSION PLANS (CONTINUED)

# D. Actuarial Assumptions (Continued)

The following changes in actuarial assumptions and plan provisions occurred in 2020:

# General Employees Fund

Changes in Actuarial Assumptions:

- The price inflation assumption was decreased from 2.50% to 2.25%.
- The payroll growth assumption was decreased from 3.25% to 3.00%.
- Assumed salary increase rates were changed as recommended in the June 30, 2019 experience study. The net effect is assumed rates that average 0.25% less than previous rates.
- Assumed rates of retirement were changed as recommended in the June 30, 2019 experience study. The changes result in more unreduced (normal) retirements and slightly fewer Rule of 90 and early retirements.
- Assumed rates of termination were changed as recommended in the June 30, 2019 experience study. The new rates are based on service and are generally lower than the previous rates for years 2-5 and slightly higher thereafter.
- Assumed rates of disability were changed as recommended in the June 30, 2019 experience study. The change results in fewer predicted disability retirements for males and females.
- The base mortality table for healthy annuitants and employees was changed from the RP-2014 table to the Pub-2010 General Mortality table, with adjustments. The base mortality table for disabled annuitants was changed from the RP-2014 disabled annuitant mortality table to the PUB-2010 General/Teacher disabled annuitant mortality table, with adjustments.
- The mortality improvement scale was changed from Scale MP-2018 to Scale MP-2019.
- The assumed spouse age difference was changed from two years older for females to one year older.
- The assumed number of married male new retirees electing the 100% Joint & Survivor option changed from 35% to 45%. The assumed number of married female new retirees electing the 100% Joint & Survivor option changed from 15% to 30%. The corresponding number of married new retirees electing the Life annuity option was adjusted accordingly.

Changes in Plan Provisions:

• Augmentation for current privatized members was reduced to 2.0% for the period July 1, 2020 through December 31, 2023 and 0.0% after. Augmentation was eliminated for privatizations occurring after June 30, 2020.

# NOTE 9 DEFINED BENEFIT PENSION PLANS (CONTINUED)

# D. Actuarial Assumptions (Continued)

Police and Fire Fund

Changes in Actuarial Assumptions:

• The mortality projection scale was changed from MP-2018 to MP-2019.

Changes in Plan Provisions:

• There have been no changes since the prior valuation.

The State Board of Investment, which manages the investments of PERA, prepares an analysis of the reasonableness of the long-term expected rate of return on a regular basis using a building-block method in which best estimates ranges of expected future rates of return are developed for each major asset class. These ranges are combined to produce an expected long-term rate of return by weighting the expected future rates of return by the target asset allocation percentages. The target allocation and best estimates of geometric real rates of return for each major asset class are summarized in the following table:

| Target<br>Allocation | Long-Term<br>Expected Real<br>Rate of Return        |
|----------------------|---|
| 35.5 %               | 5.10%   |
| 17.5                 | 5.30%   |
| 20.0                 | 0.75%   |
| 25.0                 | 5.90%   |
| 2.0                  | 0.00%   |
| 100 %                |   |
|                      | Allocation<br>35.5 %<br>17.5<br>20.0<br>25.0<br>2.0 |

# E. Discount Rate

The discount rate used to measure the total pension liability in 2020 was 7.50%. The projection of cash flows used to determine the discount rate assumed that contributions from plan members and employers will be made at rates set in Minnesota Statutes. Based on these assumptions, the fiduciary net positions of the General Employees Fund, the Police and Fire Fund, and the Correctional Fund were projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

## NOTE 9 DEFINED BENEFIT PENSION PLANS (CONTINUED)

#### F. Pension Liability Sensitivity

The following presents the City's proportionate share of the net pension liability for all plans it participates in, calculated using the discount rate disclosed in the preceding paragraph, as well as what the City's proportionate share of the net pension liability would be if it were calculated using a discount rate 1 percentage point lower or 1 percentage point higher than the current discount rate:

|  | 1% Decrease in<br>Discount Rate |           | C | Discount Rate | 1% Increase i<br>Discount Rate |         |
|--|---------------------------------|-----------|---|---------------|--------------------------------|---------|
| Discount Rate  |                                 | 6.50%     |   | 7.50%         |                                | 8.50%   |
| City's Proportionate Share of the GERF Net Pension Liability     | \$                              | 1,988,988 | 9 | \$ 1,241,060  | \$                             | 624,079 |
| City's Proportionate Share of<br>the PEPFF Net Pension Liability | \$                              | 3,071,170 | 9 | \$ 1,540,867  | \$                             | 274,810 |

## G. Pension Plan Fiduciary Net Position

Detailed information about each pension plan's fiduciary net position is available in a separately issued PERA financial report that includes financial statements and required supplementary information. That report may be obtained on the internet at www.mnpera.org.

# NOTE 10 PUBLIC EMPLOYEES DEFINED CONTRIBUTION PLAN

Two City Council members are covered by the Defined Contribution Plan, a multiemployer deferred compensation plan administered by PERA. The Defined Contribution Plan is a tax qualified plan under Section 401(a) of the Internal Revenue Code and all contributions by or on behalf of employees are deferred until time of withdrawal. Plan benefits depend solely on amounts contributed to the plan plus investment earnings, less administrative expenses. Minnesota Statutes, Chapter 353D.03, specifies plan provisions, including the employee and employer contribution rates for those qualified personnel who elect to participate.

## NOTE 10 PUBLIC EMPLOYEES DEFINED CONTRIBUTION PLAN (CONTINUED)

An eligible elected official who decides to participate contributes 5% of salary which is matched by the elected official's employer. For ambulance service personnel, employer contributions are determined by the employer, and for salaried employees must be a fixed percentage of salary. Employer contributions for volunteer personnel may be a unit value for each call or period of alert duty. Employees who are paid for their services may elect to make member contributions in an amount not to exceed the employer share. Employer and employee contributions are combined and used to purchase share in one or more of the seven accounts of the Minnesota Supplemental Investment Fund. For administering the plan, PERA receives 2% of employer contributions and twenty-five hundredths of 1% (.0025) of the assets in each member's account annually

Total contributions made by the City during 2020 were:

| Contribution Amount |    |        | ount | Percentage of ( | Required |          |       |
|---------------------|----|--------|------|-----------------|----------|----------|-------|
|                     | Em | ployee | En   | nployer         | Employee | Employer | Rates |
| -                   | \$ | 1,610  | \$   | 1,610           | 5%       | 5%       | 5%    |

## NOTE 11 POSTEMPLOYMENT HEALTH CARE PLAN

#### Plan Description

The City administers a single-employer defined benefit plan OPEB plan which allows retired employees to remain on the City's health insurance plan after severing employment from the City at the retiree's expense (implicit rate subsidy). The plan does not issue a standalone financial report. There are 35 active plan members and 4 inactive plan members currently receiving benefits.

#### **Funding**

Employer contribution requirements are established and may be amended as set forth in the applicable employment and bargaining unit agreements. The plan is financed on a pay-as-you-go basis.

#### **OPEB** Lability

The City's total OPEB liability at December 31, 2020 was \$1,627,840. The total OPEB liability was measured as of December 31, 2019 and was determined by an actuarial valuation as of December 31, 2018. The total OPEB liability was determined by the use of the alternative measurement method as of that date. The total OPEB liability was determined using the following assumptions and other inputs, applied to all periods in the measurement, unless otherwise specified:

| Inflation<br>Salary Increases                           | 2.50% per year<br>3.50% average, including inflation.                              |
|---|--|
| Healthcare Cost Trend Rate<br>Investment Rate of Return | Beginning at 6.40% with an ultimate rate of 4.00% 3.71%                            |
| Mortality Rate  | RP-2014 White Collar Mortality Tables with MP-2017 Generational Improvement Scale. |

#### NOTE 11 POSTEMPLOYMENT HEALTH CARE PLAN (CONTINUED)

#### **OPEB Lability (Continued)**

The 2.75% discount rate used to measure the total OPEB liability was determined by the actuary using the Fidelity 20-year Municipal GO AA Index.

Changes in the total OPEB liability for the year ended December 31, 2020 are as follows:

| Beginning Balance                                  | \$<br>1,369,500 |
|--|-----------------|
| Changes for the Year:                              |                 |
| Service Cost                                       | 51,512          |
| Interest   | 51,803          |
| Differences between Expected and Actual Experience | -               |
| Changes of Assumptions                             | 204,459         |
| Benefit Payments                                   | <br>(49,434)    |
| Net Changes  | <br>258,340     |
|  |                 |
| Ending Balance                                     | \$<br>1,627,840 |

The following presents the total OPEB liability of the City, as well as what the City's total OPEB liability would be if it were calculated using a discount rate that is 1 percentage point lower or 1 percentage point higher than the current rate.

Sensitivity of Total OPEB Liability at Current Single

| Discount Rate:        |       |                 |
|-----------------------|-------|-----------------|
| 1% Higher             | 3.75% | \$<br>1,415,668 |
| Current Discount Rate | 2.75% | 1,627,840       |
| 1% Lower              | 1.75% | 1,887,617       |
|                       |       |                 |

The following presents the City's total OPEB liability calculated using the current healthcare cost trend rate, as well as what the City's total OPEB liability would be if it were calculated using trend rates that are 1 percentage point lower or 1 percentage point higher than the current trend rates.

| Sensitivity of Total OPEB Liability at Current Healthcare |       |                 |
|---|-------|-----------------|
| Trend Rate:   |       |                 |
| 1% Higher   | 7.40% | \$<br>1,922,846 |
| Current Discount Rate                                     | 6.40% | 1,627,840       |
| 1% Lower  | 5.40% | 1,387,570       |

For the year ended December 31, 2020, the City recognized OPEB expense of \$261,774. The City's contributions subsequent to the measurement date of \$46,068, reported as deferred outflows of resources, will be recognized as a reduction of the total OPEB liability in the City's fiscal year ended December 31, 2021.

## NOTE 12 COMPENSATED ABSENCES

It is the City's policy to permit employees to accumulate earned but unused vacation and sick pay benefits. Upon retirement, in accordance with various employment and union contracts, the value of the qualifying banked sick hours will be submitted as a Health Care Savings Plan (HCSP) contribution to the Minnesota State Retirement System (MSRS) to be used to pay the employee's health insurance premiums. The year-end accrued sick leave and accrued vacation balance increased by \$17,798 in the proprietary funds and increased by \$99,786 in the governmental funds. As of December 31, 2020, eight employees were vested for sick leave. The current value of future benefits is recorded as compensated absences in the statement of net position at December 31, 2020, in the amount of \$526,133. Any management employee or LELS union member who is at the maximum accumulation of sick leave and who is credited for sick leave during a year in excess of the maximum sick leave shall, as of December 31 of the year in question, have 50% of such excess credit towards sick leave deposited in the State of Minnesota Health Care Savings Plan at the employees December 31 wage rate of the year in question, all other employees shall have 25% deposited in the plan. The City paid \$2,990 to the MSRS for this employee benefit in 2020.

# NOTE 13 LEASES

In February 1996, the City entered into a lease between HEDA and Independent School District No. 700 for land owned by the City. This lease was extended through June 30, 2025, with Independent School District No. 700 paying \$1 in rent. The Lease term shall automatically be renewed for additional one-year term(s) (Extension Term) unless either party advises the other party six months prior to the end of any term of such party's determination to terminate the term of the lease at the end of their term. This is a noncancelable lease, and the School District is using the building for its Early Childhood Education Program.

The School District left the building June 1, 2020. The building sold on March 22, 2021.

In March of 2019, the Council entered into a 10-year lease agreement with Essentia Health whereby the City is renting space to Essentia Health at the Essentia Wellness Center. The lease calls for annual rent of \$216,128, payable in monthly installments. After the first five years, rent will begin to increase annually by 2.25%. The lease provides the tenant with two 5-year renewal options. Future minimum rent payments are as follows:

| <u>Year Ending December 31,</u> | <br>Amount      |
|---------------------------------|-----------------|
| 2021                            | \$<br>216,128   |
| 2022                            | 216,128         |
| 2023                            | 216,128         |
| 2024                            | 216,128         |
| 2025                            | 220,991         |
| 2026-2029                       | 709,749         |
| Total                           | \$<br>1,795,252 |

## NOTE 14 TAX ABATEMENT COMMITMENTS

The City, St. Louis County (County) and the Hermantown Economic Development Authority (HEDA), a component unit of the City, entereted into a tax abatement agreement with a local business in accordance with Minnesota Statute 469.1813. The purpose of the property tax abatement agreements is to reimburse the local business for infrastructure it initially paid for.

The initial County abatement was paid off in 2019. On February 5, 2019, the County board extended the tax abatement for an additional \$860,000 for the purpose of assistance on funding the Section 24 Sewer trunk line. During 2020 the County paid \$222,148 towards the note, leaving a balance as of December 31, 2020 of \$605,604.

In HEDA's tax abatement agreement with the local business, HEDA has agreed to provide funding to the local business through the abatement of the total City taxes collected each year on the parcel of property owned by the local business. HEDA has agreed to provide tax abatement funding in the amounts of \$1,151,696 and \$400,000 plus interest at 4%. During 2020, the City paid the local business \$137,997 related to this agreement. As of December 31, 2020, the City's remaining commitment to the local business is \$855,129.

HEDA and the City have issued a tax increment revenue note (pay-as-you-go) to a local business. This note requires the City to make payments for a fixed period of time with available tax increment revenue after deducting for certain administrative costs. The note is not a debt of the City and the City is not liable on the note, except for the City's obligation to make payments from pledged tax increment from the applicable tax increment-financing district. The note shall not be payable out of any funds or properties other than the pledged increment. Under this agreement, up to \$500,000 of development costs plus interest will be reimbursed through tax increments. During the year ended December 31, 2020, the City generated tax increment revenue of \$142,537 and made payments of \$83,084, on the note. The note's balance at year-end was \$288,814.

# NOTE 15 COMMITMENTS AND CONTINGENCIES

Amounts received or receivable from grantor agencies are subject to audit and adjustment by grantor agencies, principally the federal government. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable funds. The amount, if any, of expenditures that may be disallowed by the grantor cannot be determined at this time, although the City expects such amounts, if any, to be immaterial.

The City has several active construction projects as of December 31, 2020. The remaining commitment on these projects totaled \$322,391.

# NOTE 16 RISK MANAGEMENT

The City purchases commercial insurance coverage through Travelers Insurance Company. The City pays an annual premium to Travelers Insurance Company for its insurance coverage. There were no significant reductions in insurance coverage from coverage in the prior year, and there were no insurance claims or settlements exceeding insurance coverage in the past three years.

# NOTE 17 SUBSEQUENT EVENTS

At the April 19, 2021 Council Meeting, the City Council approved the issuance of the General Obligation Improvement and Refunding Bonds, Series 2021A, in the amount of \$3,860,000, with a closing date of May 6, 2021. Proceeds from this issuance will be used to finance the City's 2021 LaVaque Junction Road Improvement project, and refund, as a current refunding, the outstanding issuances of the 2012B General Obligation Improvement Bonds.

# Notes to Schedule:

Funding: There are no assets accumulated in a trust that meet the criterial of GASB No. 73, paragraph 4, to pay related benefits.

This schedule is intended to present information for the last 10 years. Additional information will be presented as it becomes available

Assumption Changes

Measurement Date: December 31, 2019

- The discount rate was changed from 3.71% to 2.75% based on updated 20-year municipal bond rates.
- The Index for 20-year, tax exempt municipal bonds (Fidelity 20-Year Municipal GO AA Index) used in the discount rate changes from 3.71% to 2.75%

Measurement Date: December 31, 2018

- The discount rate was changed from 3.31% to 3.71% based on updated 20-year municipal bond rates.
- Healthcare trend rates were reset to reflect updated cost increase expectations, including an adjustment to reflect the impact of the Affordable Care Act's Excise Tax on high-cost health insurance plans.
- Medical per capita claims costs were updated to reflect recent experience.
- Mortality rates were updated from the RP-2014 White Collar Mortality Tables with MP-2015 Generational Improvement Scale to RP-2014 White Collar Mortality Tables with MP-2017 Generational Improvement Scale.
- Inflation assumption was changed from 2.75% to 2.50% based on an updated historical analysis of inflation rates and forward-looking market expectations.

# 2020 Changes

Changes in Actuarial Assumptions:

- The price inflation assumption was decreased from 2.50% to 2.25%.
- The payroll growth assumption was decreased from 3.25% to 3.00%.
- Assumed salary increase rates were changed as recommended in the June 30, 2019 experience study. The net effect is assumed rates that average 0.25% less than previous rates.
- Assumed rates of retirement were changed as recommended in the June 30, 2019 experience study. The changes result in more unreduced (normal) retirements and slightly fewer Rule of 90 and early retirements.
- Assumed rates of termination were changed as recommended in the June 30, 2019 experience study. The new rates are based on service and are generally lower than the previous rates for years 2-5 and slightly higher thereafter.
- Assumed rates of disability were changed as recommended in the June 30, 2019 experience study. The change results in fewer predicted disability retirements for males and females.
- The base mortality table for healthy annuitants and employees was changed from the RP-2014 table to the Pub-2010 General Mortality table, with adjustments. The base mortality table for disabled annuitants was changed from the RP-2014 disabled annuitant mortality table to the PUB-2010 General/Teacher disabled annuitant mortality table, with adjustments.
- The mortality improvement scale was changed from Scale MP-2018 to Scale MP-2019.
- The assumed spouse age difference was changed from two years older for females to one year older.
- The assumed number of married male new retirees electing the 100% Joint & Survivor option changed from 35% to 45%. The assumed number of married female new retirees electing the 100% Joint & Survivor option changed from 15% to 30%. The corresponding number of married new retirees electing the Life annuity option was adjusted accordingly.

Changes in Plan Provisions

• Augmentation for current privatized members was reduced to 2.0% for the period July 1, 2020 through December 31, 2023 and 0.0% after. Augmentation was eliminated for privatizations occurring after June 30, 2020.

# 2019 Changes

Changes in Actuarial Assumptions:

• The mortality projection scale was changed from MP-2017 to MP-2018.

Changes in Plan Provisions:

• The Employer supplemental contribution was changed prospectively decreasing from \$31 million to \$21 million per year. The State's special funding contribution was changed prospectively, requiring \$16 million due per year through 2031.

# 2018 Changes

Changes in Actuarial Assumptions:

- The mortality projection scale was changed from MP-2015 to MP-2017.
- The assumed benefit increase was changed from 1.00% per year through 2044 and 2.50% per year thereafter to 1.25% per year.

# 2017 Changes

Changes in Plan Provisions:

• The State's special funding contribution increased from \$6 million to \$16 million.

Changes in Actuarial Assumptions:

- The Combined Service Annuity (CSA) loads were changed from 0.8% for active members and 60% for vested and nonvested deferred members. The revised CSA loads are now 0.0% for active member liability, 15.00% for vested deferred member liability, and 3.00% for nonvested deferred member liability.
- The assumed postretirement benefit increase rate was changed from 1.00% per year for all years to 1.00% per year through 2044 and 2.50% per year thereafter.

# 2016 Changes

Changes in Actuarial Assumptions:

- The assumed postretirement benefit increase rate was changed from 1.00% per year through 2035 and 2.50% per year thereafter to 1.00% per year for all years.
- The assumed investment return was changed from 7.90% to 7.50%. The single discount rate was changed from 7.90% to 7.50%.
- Other assumptions were changed pursuant to the experience study dated June 30, 2015. The assumed future salary increases, payroll growth, and inflation were decreased by 0.25% to 3.25% for payroll growth and 2.50% for inflation.

# 2015 Changes

Changes in Plan Provisions:

• On January 1, 2015, the Minneapolis Employees Retirement Fund was merged into the General Employees Fund, which increased the total pension liability by \$1.1 billion and increased the fiduciary plan net position by \$892 million. Upon consolidation, state and employer contributions were revised; the State's contribution of \$6 million, which meets the special funding situation definition, is due September 2015.

Changes in Actuarial Assumptions:

• The assumed postretirement benefit increase rate was changed from 1.00% per year through 2030 and 2.50% per year thereafter to 1.00% per year through 2035 and 2.50% per year thereafter.

# 2020 Changes

Changes in Actuarial Assumptions:

• The morality projection scale was changed from MP-2018 to MP-2019.

Changes in Plan Provisions

• There have been no changes since the prior valuation.

# 2019 Changes

Changes in Actuarial Assumptions:

• The mortality projection scale was changed from MP-2017 to MP-2018.

# 2018 Changes

Changes in Actuarial Assumptions:

• The mortality projection scale was changed from MP-2016 to MP-2017.

# 2017 Changes

Changes in Actuarial Assumptions:

- Assumed salary increases were changed as recommended in the June 30, 2016 experience study. The net effect is proposed rates that average 0.34% lower than the previous rates.
- Assumed rates of retirement were changed, resulting in fewer retirements.
- The Combined Service Annuity (CSA) load was 30% for vested and nonvested deferred members. The CSA has been changed to 33% for vested members and 2% for nonvested members.
- The base mortality table for healthy annuitants was changed from the RP-2000 fully generational table to the RP-2014 fully generational table (with a base year of 2006), with male rates adjusted by a factor of 0.96. The mortality improvement scale was changed from Scale AA to Scale MP-2016. The base mortality table for disabled annuitants was changed from the RP-2000 disabled mortality table to the mortality tables assumed for healthy retirees.
- Assumed termination rates were decreased to 3.0% for the first three years of service. Rates beyond the select period of three years were adjusted, resulting in more expected terminations overall.
- Assumed percentage of married female members was decreased from 65% to 60%.
- Assumed age difference was changed from separate assumptions for male members (wives assumed to be three years younger) and female members (husbands assumed to be four years older) to the assumption that males are two years older than females.
- The assumed percentage of female members electing Joint and Survivor annuities was increased.
- The assumed postretirement benefit increase rate was changed from 1.00% for all years to 1.00% per year through 2064 and 2.50% thereafter.
- The Single Discount Rate was changed from 5.60% per annum to 7.50% per annum.

# 2016 Changes

Changes in Actuarial Assumptions:

- The assumed postretirement benefit increase rate was changed from 1.00% per year through 2037 and 2.50% thereafter to 1.00% per year for all future years.
- The assumed investment return was changed from 7.90% to 7.50%. The single discount rate changed from 7.90% to 5.60%.
- The assumed future salary increases, payroll growth, and inflation were decreased by 0.25% to 3.25% for payroll growth and 2.50% for inflation.

# 2015 Changes

Changes in Plan Provisions:

• The postretirement benefit increase to be paid after attainment of the 90% funding threshold was changed, from inflation up to 2.50%, to a fixed rate of 2.50%.

Changes in Actuarial Assumptions:

• The assumed postretirement benefit increase rate was changed from 1.00% per year through 2030 and 2.50% per year thereafter to 1.00% per year through 2037 and 2.50% per year thereafter.

### INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Honorable City Council City of Hermantown Hermantown, Minnesota

We have audited in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Hermantown, Minnesota (the City), as of and for the year ended December 31, 2020, and the related notes to the financial statements, which collectively comprise the City's basic financial statements and have issued our report thereon dated May 11, 2021.

# Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the City's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, we do not express an opinion on the effectiveness of the City's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

#### **Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the City's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance that are required to be reported under *Government Auditing Standards*.

# Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

# INDEPENDENT AUDITORS' REPORT ON MINNESOTA LEGAL COMPLIANCE

Honorable City Council City of Hermantown Hermantown, Minnesota

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Hermantown, Minnesota (the City), as of and for the year ended December 31, 2020, and the related notes to the financial statements, which collectively comprise the City's basic financial statements and have issued our report thereon dated, May 11, 2021.

In connection with our audit, nothing came to our attention that caused us to believe that the City failed to comply with the provisions of the contracting and bidding, deposits and investments, conflicts of interest, public indebtedness, claims and disbursements, miscellaneous provisions, and tax increment financing sections of the *Minnesota Legal Compliance Audit Guide for Cities*, promulgated by the State Auditor pursuant to Minn. Stat. § 6.65, insofar as they relate to accounting matters. However, our audit was not directed primarily toward obtaining knowledge of such noncompliance. Accordingly, had we performed additional procedures, other matters may have come to our attention regarding the City's noncompliance with the above-referenced provisions, insofar as they relate to accounting matters.

The purpose of this report is solely to describe the scope of our testing of compliance relating to the provisions of the *Minnesota Legal Compliance Audit Guide for Cities* and the results of that testing, and not to provide an opinion on compliance. Accordingly, this report is not suitable for any other purpose.
